President - Greg Every

Looking back over the past Rotary Year we succeeded despite considerable adversity.

Our Golf Day was at one stage threatened by the Global Economic Crisis but Golf day Director Jim O'Brien and his team were able to achieve a sound result despite losing our key provider of teams from the year before and despite a number of sponsors having to drop their support for our event this year.

In the recruiting field we had planned a multi-club recruiting drive in the area north of Park Road but this took place on what turned out to be Black Saturday. Despite no new members from this campaign as we expected we were able to add four new members. We lost just one member leaving us up three for a total of 39.

Keeping the members we have is very important and we try to run a Club that offers members some value-added groups such as an investment group, wine group (both detailed later in this report) and our Choir run by David Greenall.

Another method of retaining members is to ensure there are plenty of opportunities for fun and a full social side of the club assists this approach. As well an interesting newsletter (*In Gear*) and Speakers' Program – both created by Bob McArthur – assists in keeping members engaged with the Club.

Importantly the year was one for relationship building. We now have closer links with a number of nearby Rotary Clubs, with District, with the Beaumaris Branch of Bendigo Community Bank, along with Bayside Council, its Mayor Cr James Long, the Beaumaris Theatre Group and the Royal Melbourne Golf Club where our Golf Day is staged.

We surveyed members to determine their interest in future roles in our Club and used these responses to assist in planning the team for the coming year.

Geoff Abbott is heading an on-going review of our strategies and identifying an additional fundraising project to the Golf Day.

We endeavoured to assist the growth of our folks by sponsoring them to the Potential Rotary Leaders Seminar (PRLS) series and a number took up the opportunity.

We supported worthy causes at a local, national and International level.

Local support included:-

- ❖ Berendale Water recycling project.
- ❖ Christmas hampers for local needy people.
- ❖ Children's Christmas toys for disadvantaged kids.
- ❖ Mock Job interviews of local students.

State activities:-

- ❖ Fundraising for District's *Black Saturday* bushfire fund.
- ❖ Working bee at Marysville assisting the installation of a playground.
- ❖ Sponsoring two teams in the Model United Nations Assembly and assisting with running the event.
- ❖ Bowelscan.
- ❖ Blood Pressure Awareness program.
- ❖ Support for young people suffering from strokes.

National activities includes:-

- ❖ Supporting the Rotary Indigenous Health Scholarship program by sponsoring two people.
- ❖ Support for the Men's Health group Foundation 49 (F49).

International support included:-

- ❖ Water wells on Sabu Island Indonesia.
- ❖ Supporting the Wheelchairs for Kids program.
- ❖ Increased member participation in Rotary's Centurion program.

A major undertaking was the Bluff Road House review led by Richard Jones. This is the most thorough review we've undertaken in my time in the Club and it's a credit to Richard's dedication, attention to detail and thoroughness. You can read more about this project in our Community Report, later in this document.

We introduced a Friend of Rotary category for the first time at our Club and this has led to our first friend, Heather Chisholm, becoming a full member of our Club.

The year saw our Inaugural *Citizen of the Year* sponsored by the Beaumaris Community Bank Branch of Bendigo Bank.

Two members had additional responsibilities at District level with John Beaty the District 9810 ARHRF Committee Chairman and Kerrie Geard being an Assistant Governor.

Our PR team and members were responsible for raising the profile of our club at a local and District level.

I wish Peter and Maureen Flude every happiness and success during their year and I look forward to serving Peter as our Club's Secretary in his year. He's been a delight to have on hand during the year as have our other Directors and I acknowledge the support and encouragement of them all.

Greg Every

Vice President & Club Service - Peter Flude

Harry Wolfe – Meeting Co-ordinator & attendance
Bob McArthur – Program & Newsletter editor
Malcolm Parks – Fellowship
Brian Kimpton – Sergeant
John Beaty – Webmaster
Megan Glenwright – Almoner
Geoff Abbott – Club Strategic Plan

Club Service

We endeavoured to build a better relationship with local Rotary Clubs and recommended a realignment of Clubs in our Cluster to include some which are more geographically aligned with us.

We identified David Greenall as our President Elect for 2010-11 (our 25th Anniversary Year).

Our Board for 2009-10 was appointed early to enable the new appointees an opportunity to get up to speed.

An Executive for the new Rotary year (meeting bi-monthly) and a Full Board (meeting every other month) was approved by The Board

The Public Officer for the Club was changed to Greg Every.

We provided our proxy to the Chairman of the Meeting for the Hobart District Conference session which was to determine amendments in relation to the 2007 Council of Legislation changes.

An Interact Club is planned the 2009 – 2010 year. Peter Flude has approached Chris Martin – Principal of the Beaumaris Campus of Sandringham Secondary College. This will be the first Interact club in District 9810 according to Philip Hedley who oversees New Generations at District level.

Meeting co-ordinator & attendance – Harry Wolfe

Harry Wolf maintained our very good working relationship with Victoria Golf Club and on a weekly basis coordinated our numbers for that Clubs catering and staffing requirements.

Program & Newsletter Editor – Bob McArthur

Bob McArthur created a very interesting program for Members with a good mix of speakers.

Bob also edited *In Gear* and included in it a good range of Club and news about Rotary outside our Club together with plenty of humour. His approach, combined with assembling the publication on page layout software, took the publication to a new level.

Bob also created in-house advertisements and posters for Citizen of the Year Award and our Golf Day.

Acknowledgement was made of the outstanding work by Bob McArthur on the newsletter and program and other support roles within the Club.

Fellowship – Malcolm Parks

We attended the film Australia.

A Bowls night was held at Beaumaris Bowls Club.

Brian Kimpton – Sergeant

Brian introduced the concept of Happy Dollars to complement his Heads-and-Tails and fines. In all Sgt Brian raised \$1,724 up to 31 May 2009, through these methods.

Webmaster – John Beaty

- We continue to review software possibilities for future use.
- Our existing site was regularly updated.
- One new member was attracted to our Club by virtue of the site.

Megan Glenwright – Almoner

Megan as Almoner kept track of the physical well-being of our folks who weren't feeling the best or had been at the receiving end of some misfortune. One such well-publicised case was Liz Horne's house fire and Megan's coordination of our support efforts.

Strategic Plan

Geoff Abbott reported the results of the Club Forum on the Strategic Plan. In the new Rotary Year two subcommittees will be convened, one to focus on the next big community based project (Geoff Abbott to chair) and the other the next major fund raising activity (David Rushworth to chair).

Volunteers for the subcommittees are:-

Community: David Langworthy, David Greenall, Fred Hofmann, Geoff Stockdale and Liz Horne.

Fund Raising: Richard Jones, Rob Fenton, Mike Hede and Malcolm Parks.

Peter Flude

Treasurer's Report 2008-09
James Glenwright

The Club commenced the year with a carry-forward balance of \$21,897. Additional funds were added during the year, which were related to previous years. These include \$5,536 from the Community Water Project, which was not required for that project and \$2,892 in late receipts for the 2008 Mayoral Golf day. The Club will finish the year with an estimated \$29,862.

Please note figures are subject to year-end adjustment and audit

Fundraising activities during the year comprised:

Huntingdale Golf support	\$2400
Farmers Market support	\$700
Long Lunch	\$1560
Sausage Sizzle-Bunnings (30 June 2009. Est.)	\$1000
Dimboola	\$4650
Bushfire Appeal	\$15324
Bushfire Appeal- Bayside Council Contribution	\$2500
Xmas hampers-Members Donations	\$700
Mayoral Charity Golf Day (Net of costs & RC of Sandringham share)	\$8210
TOTAL	\$37,044

The Following Projects and Causes received significant support:

International	\$4200
Community	\$5400
New Generations	\$2400
Bushfire Appeal	\$23500
Rotary Foundation	\$4000
Rotary Foundation – Polio Plus	\$3100
Total	\$42600

OPERATING (GENERAL) ACCOUNT

The Club commenced the year with a carry-forward balance of \$11,972. Membership Fees and other revenues were sufficient to cover Rotary International and District Fees, and general running costs, without the need to increase dues. It is estimated that the year-end balance will be \$11,000.

OTHER

- During the year the Board considered how best to utilise the funds in the Project Account, but in view of the uncertainty of the Charity Golf Day outcome, elected not to pre-commit funds at that time.
- The Bushfire Appeal donation includes \$5,000 from the Project Account, plus an allocation by the Sergeant-at-Arms of \$676 (Charity of Choice).
- The Polio Plus donation includes USD500 to match the contribution made by the RIPPR (although this may change given certain conditions – unknown to us at the time – were imposed after we had made the offer to pay in Hobart) and \$1,000 allocation from the Sergeant-at-Arms (Charity of Choice).
- The Mayoral Charity Golf Day is managed through a separate bank account.
- Our Board approved the de-registration of the Club for GST, which will simplify accounting and reporting.
- Receipts and payments for Member meals at VGC are recorded notionally through the bank account for statistical and analysis purposes, but are paid in cash by individual attendees at each meeting. They are not considered part of Club revenues or expenses.
- The Board receives monthly Balance Sheet, Transaction Report and YTD P&L, plus quarterly budget/actual summary.

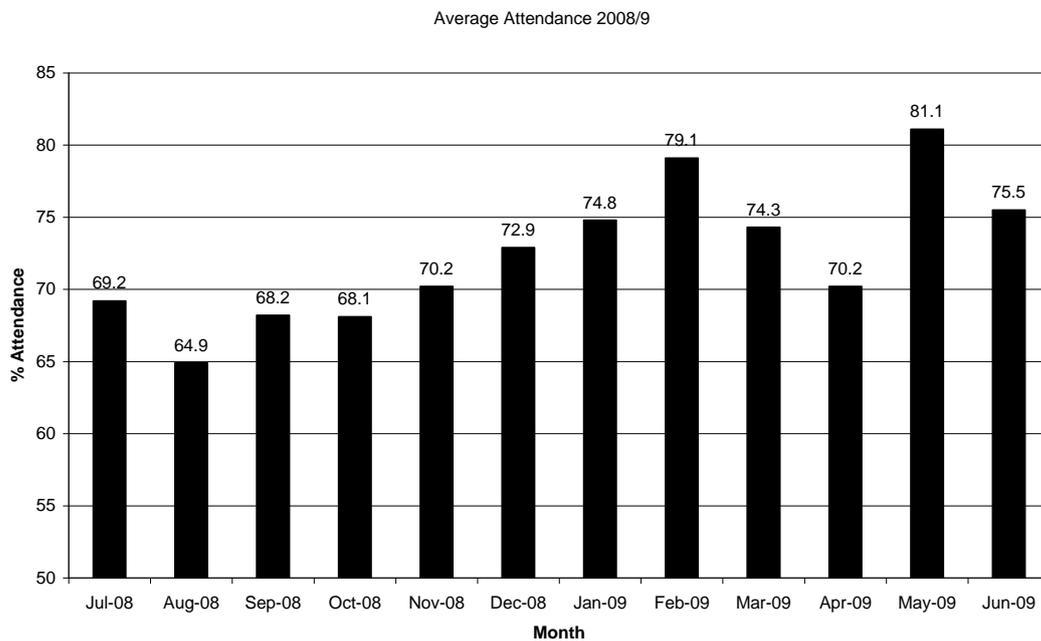

James Glenwright

**Secretary
Kerrie Geard**

A process for conversion of a *Friend of Rotary* to a full Rotarian follows the same process as normal membership. – ie. Board approval followed by 7 days notice to the general membership for agreement, prior to induction.

Club member attendance for the year averaged 72%. The variance between 65% and 81% reflected the annual migration of members to warmer climes during colder months.

Our Secretary also took a District role this year looking after *Cluster 3* which comprised the Rotary Clubs of Braeside, Dingley Village, Moorleigh-Moorabbin, Noble Park and Springvale City.

Kerrie Geard

Foundation - John Beaty

A policy in relation to Honorary Membership was developed and approved by the Board. It sees an annual review of this category of membership.

Additionally a policy for our *Friend of Rotary* category was developed and approved by the Board. The policy is subject to annual review. Heather Chisholm who joined as our first *Friend Of Rotary* subsequently became a full member of our Club.

The USD800 District allocation was allocated towards Polio Plus.

We sponsored two indigenous scholars for six months, Kylea Sinnett at ACU National - Nursing – Second Semester and Fiona Rigney University of Melbourne - Social Work - Second Semester.

The club donated \$500 for Kathy Every as sponsorship of her *Ride To Conference* fundraising efforts for Rotary Health.

An additional five members of the Club became Centurions, bringing out total to 10.

Our Foundation Director was appointed to the District selection panel which ultimately elected Juliet Riseley as the District Governor Nominee for the 2011 – 2012 year.

John Beaty

International Director - John Manks

Sabu Water Well project:

- Our Club's contribution to the Sabu Water wells project was \$2,000.
- Contributing Clubs and districts have paid their dues towards the matching grants.
- Foundation approved the matching grant for a total project value of USD27,765.
- Work has commenced on the Water Well Project with four wells completed so far.
- John Manks was accompanied to Sabu by fellow club member Geoff Stockdale and former Club member Mike Rigg.

Kupang Students Hostel project:

- Land title has been transferred to PERMASA (Sabunese Students organisation).
- Building permit has been granted.
- Building works are expected to proceed soon – RCOB awaiting information from PERMASA as to how our funds can be most suitably utilised.
- RCOB has contributed \$1,000 to the project so far and private donations totalling \$10,000 have been received, all of which will be used for the procurement of building materials for the project.

Student scholarships:

- Aileen, a student at Poppondetta, is doing well at her agricultural course.
- We have commenced sponsorship of an additional student from PNG - Gina from Barevaturu village near Popondetta. She is now able to complete her senior high school studies.

Malaria:

- Jackie Gleeson, the District Coordinator for RAM, has advised she is looking at provision of room size nets at no charge, suitable for Indonesia.

Donations:

- A \$500 donation was been made to *Wheelchairs for Kids*, a Western Australian Rotary project that provides basic wheelchairs for needy disabled kids in third-world countries.
- A \$1,000 donation was been made to Interplast which sends surgeons and medical specialists to developing countries, so that they can perform plastic and reconstructive surgery on people with deformities. These people would otherwise never be able to receive treatment.
- A \$642 donation was provided to *Safe Water Saves Lives* to assist in their water tank building and sanitation projects in PNG.

John Manks

New Generations & Vocation - Trish Goulet

We conducted *Mock Job Interviews* at the Beaumaris Campus of Sandringham Secondary College. These interviews are designed to increase the student's interview skills and improve their prospects in the job market.

We decided that rather than nominate young stroke victim Brooke Parsons for a *Shine on Award* we would donate \$1,000 to her for the stroke charity for which she speaks.

A barbecue hosting Swifts Creek students on a local exchange program with Beaumaris Secondary College took place at Cheltenham Golf Club on 23 October.

Our club took part in MUNA again and has volunteered to staff the event in the new Rotary year. Our proposal has been accepted by incoming MUNA head Patrick Hartey who has written to us saying he is "*....more than happy*" to accept our offer.

This year we sponsored two students to attend MUNA.

We are putting a student forward for the Siemens Science Experience.

Additionally we are putting two students forward for the Youth Science Forum.

A strategy document has been developed as a way forward with our New Generations involvement.

Included in this strategy is process for efficiently working with local schools and a process by which students will be nominated and selected.

Trish Goulet

Golf Day Director - Jim O'Brien

The Global Financial Crisis (GFC) took its toll on the event with last year's major provider of players not being able to participate in this year's event.

Additionally we had a severe drop-out rate with sponsors.

The decline of player providers and sponsors led us to adopt two new strategies to ensure enough players were attracted to make the day a success for our Club and the Rotary Club of Sandringham with which we share the proceeds. With this in mind we took paid advertising space (with accompanying editorial space) in *Golf Victoria* magazine and also publicised the event on the *Golf Link* site.

Our appreciation goes to Bob McArthur for creating a high quality advertisement, in house, thereby saving us a considerable amount of money.

Through this year we have developed an even better working relationship with the Royal Melbourne Golf Club (RMGC) where the event is staged.

We are looking ahead to 2011 which is the Presidents Cup year at RMGC.

Next year's Golf Day is expected to make a gross profit of \$17,000 half of which will go to Sandringham Rotary.

A review of this year's event has been held and a process for 2010 and beyond has been developed.

Golf Pro and sponsorship-finding specialist Peter Nardella was reappointed for 2010.

We anticipate that, with an easing of the GFC, the sponsorship and player position for 2010 and beyond will improve.

Jim O'Brien

Community Director - Richard Jones

Our support for the Bluff Road House was reviewed for reasons of liability and a decision made for the RCOB to terminate its involvement. A Request for Proposal (RFP) was issued to interested parties, namely Best Chance, Family Life, SHARC, Hanover, Department of Housing, and Southern Directions.

A Board sub-committee unanimously selected Family Life (which proposed using the property as a community house) as the successful party and this was duly approved unanimously by our Club's Board. Family Life took possession of the house on 15 December 2008.

We put a proposal to the Beaumaris Branch of the Bendigo Community Bank for a *Citizen of the Year* award, designed to recognise a person from the 3193 postcode area for their support to the Beaumaris community. The award, which included a \$1,500 account at the bank, was duly won by Janine Chugg, President of the Beaumaris Theatre group. The bank is again happy to support the event in 2010.

For the first time, we participated in the Australian Rotary Health Indigenous Health Scholarship program with a donation of \$2,500 to support two students for a 6 month period of their studies.

We continued our Christmas period projects by providing hampers to 40 needy families and more than 50 Christmas presents to children who might otherwise not experience the joy of receiving a present.

Stroke Foundation Day (28 October) volunteers were secured by Judy Mackeddie.

Judy Mackeddie led our efforts in two district health programs. First, our continued participation in *Bowel Scan* which provides local

residents the opportunity for a low cost bowel scan screen. And second, the Stroke Foundation's *Blood Pressure Awareness* program which offers free blood pressure testing on selected days. For both projects we worked with the East Concourse and Seaview pharmacies.

We adopted the men's health organisation Foundation 49 as a Club project and this aspect is being led by Bob McArthur. This project will develop significantly over the 2009/2010 year.

Our Berendale Water Project was opened. This provides for water recycling from the school's car washing and detailing facility. The facility enables students to gain skills in caring for cars and provides them with enhanced employment opportunities.

Fund raising took place in South Concourse shopping precinct to aid bushfire relief. Funds raised on the Saturday morning were close to \$5,000. With club and personal donations, our club was ultimately able to send a cheque for \$21,000 to District as our support for this cause.

Richard Jones

Membership, Marketing & PR - Malcolm Sawle

Membership

Membership grew from 36 to 39 (see statistics below). Though the introduction of prospective members by existing members continues to be seen as the major source of new members, it was interesting to note that two of the new members this year essentially introduced themselves.

Whilst a major leaflet distribution in the Beaumaris /Cheltenham area resulted in no direct response (it clashed with Black Saturday), its indirect impact in terms of an increased awareness of Rotary was hard to judge. It does seem though that there are many prospective members in the community who need the barest of invitations to get them to come along to one of our meetings.

Membership at start of the 2008/09	
Full Members	36
Honorary Members	7
Friends of Rotary	0
Membership at end of 2008/09	
Full Members	39
Honorary Members	5
Friends of Rotary	1

Members who were inducted during the year were Sandra Blackwood, Heather Chisholm, Mary Sealy and Peter Cracknell. We had one resignation.

Marketing & Public Relations

A Marketing & PR Plan was prepared at the start of the year and was presented to the Board. The essence of this plan was three-fold:

- ❖ Ask all members to consider themselves as a PR person for the club;
- ❖ Provide marketing material and support for members whilst undertaking club activities;
- ❖ Maximise the number of press releases and other publicity material.

Publicity received during the year included:

- ❖ Several articles in the *Bayside Leader*;
- ❖ An article in every edition of the Beaumaris Community Bank Newsletter and website;
- ❖ A reference to the club's activities in Bayside's Council's *Let's Talk Bayside*;
- ❖ Articles in the 9810 District Governor's Newsletter;
- ❖ A news segment dedicated to the club's activities at District Conference.

In addition, the Beaumaris *Citizen of the Year*, Charity Golf Day, *Know Your Numbers* (blood pressure testing) and the Bush Fire Appeal provided other opportunities to put the club in front of the community.

It is acknowledged that PR needs to have a member focus as well as to the world at large. The members need to be proud of the club if they are to be enthusiastic about their participation. In this regard particular credit needs to be paid to In-Gear editor Bob McArthur who week after week produced an informative and entertaining newsletter.

However the most important part of Marketing and PR is to have a good story to tell. It is only because of the efforts of the members that we had what success in PR we did (though Liz Horne probably went a bit too far – with her house fire – to get us in the Leader's pages!).

Malcolm Sawle

Fund Raising - Geoff Abbott

After completion of the Bunnings sausage sizzle on Sunday 28 June, 2009 we will have run six major fund raising activities during 08/09. These include:

	<u>Net Profit \$</u>
A fully attended long lunch at the Glenwrights	1650
Support at the Huntingdale Golf	2390
First Farmers market	706
The Dimboola night	5079
Second Farmers Market (anticipated earnings)	700
Bunnings sausage sizzle (anticipated earnings)	<u>1200</u>
	\$11,725

The formal committee this year was Geoff Abbott, David Langworthy, Megan Glenwright, Dina van Dyk, David Greenall, Judy Mackeddie and Charmaine Jansz. We also had great support from new member Heather Chisholm.

Significant aspects of our fundraising activities were our involvement with support for activities of other clubs ie the Farmers Market and Huntingdale Golf. These gave us opportunity to associate with other clubs but in the longer term would preferably be replaced with RCOB generated activities. However in a positive note they gave us the opportunity to give 'time' rather than 'money'.

New initiatives included the long lunch, Dimboola and Bunnings. All of these new initiatives should give rise to similar events in years to come.

Possibly of greatest significance is the Dimboola night giving us the opportunity to support and gain support from the Beaumaris Theatre Inc and the association with the Arts of Beaumaris.

Finally on behalf of the 'fundraising' group I would like to thank all those members who assisted us and participated in our events

Geoff Abbott

On to Conference - Roy Seager

A Club record number of 43 (members and partners), including a few first-timers, attended the District Conference in Hobart in March.

We did not win the fancy-dress prize this year but interpreted the theme of *Hollywood Comes to Hobart* by dressing as members of the *Mickey Mouse Club*.

The letters pinned on our T-shirts originally spelled out "HOLLYWOOD COMES TO HOBART WITH BEAUMARIS ROTARY" but careful re-arrangement of members' positions provided the opportunity to create many dubious anagrams to the amusement of most people there.

39 from our Club are already booked to go to next year's Conference in Geelong and we have reserved 21 rooms for our use.

We have not yet been told the theme for next year but Shirley Mirams will be costume designer once we know it. Suitable restaurants are already being investigated for our Club dinner there.

Roy Seager

Rotary Investment Group (RIG)

RIG has met 11 times during the year including a party night in December. 23 members and past members of the club participate when available.

We have had seven nights of external speakers covering many aspects of financial and real estate investment. In addition we had four nights of internal 'talk fest' all of which were very informing with participants very keen to share their views.

As a group and with the support of external advice we are becoming increasingly knowledgeable. We have regularly said that not only do we have a good night but we always go home having learnt something.

Ross Phillips managed two share portfolio games (one for the first half and another for the second half). Not only have these registers been a great source of fun in the group but also they have provided a very interesting summary of various stocks over the period.

As the date at which the ASX 200 fully recovers is yet to be reached, our game for forecasting this is still in play

I would like to thank all those members who offered their homes for 'home hosting' of our nights.

Geoff Abbott

Wine Appreciation Group (WAG)

Brainchild of several members, the Rotary Club of Beaumaris, Wine Appreciation Group (WAG) is barrelling along. The concept, on initiation, was to get a better understanding of wines.

As an adaptation of the "blind" tasting concept, we have also included tasting evaluation with and without food.

Meeting quarterly, the group has covered a variety of wine groups and wine themes, using both imported and local wines, including

- Summer whites,
- Sauvignon Blanc
- Light Red varietals
- Pinot Noir

Over the past year and a half the group has contracted and expanded to accommodate new members and partners to the club, and the vagaries of competing commitments.

The comfort of commenting on wine when you have "absolutely no idea" and realising that others have varying degrees of the same problem has been one of our major achievements.

Moving forward, the group is considering broadening its approach to include external guest speakers, and wine maker visits to local wineries.

The approach of choice for the meetings remains "in home". We have tried a private room in a local restaurant, but while the format and numbers allow, the ambience of the "in home" approach remains the preference.

The crowning glory for me has been to see members of the group swilling, smelling, sipping and commenting wines, at our weekly Rotary meetings with an unconscious comfort I never expected to see after such a short period of time.

Congratulations everyone.

Kerrie Geard

**Rotary Club of Beaumaris
Past Presidents and year themes**

#			Year		Theme
1	Tim	Ive	1985	1985	You are the key.

Rotary Club of Beaumaris Survey Responses

14 members filled out our survey.

Leadership positions

To summarise the results, when it came to having responsibility for a particular role the results showed Foundation with 5 was the highest followed by Almoner, Community, Membership and New Generations with 3 each.

These were followed by Bulletin, Fellowship, Fundraising, Golf Day, International, Marketing, Secretary and Sergeant with 2 each.

Then came Meals & Attendance, Treasurer and Vocation with 1 each.

Committee Roles

In asking what committees people would like to be on the responses were:-

Community and Foundation (6 each)

Fundraising, Golf Day, Membership (5)

International, Marketing and New Generations (4)

Fellowship and PR (3)

Bulletin and Vocation (2)

Additionally some people wrote:-

Special Projects (1) and

Happy to Help Where Needed (1).
